

**Welcome**

## Mission

"To provide personalized error free service and quality with speed and smile to all our customers."

The company is dedicated to provide the highest quality workmanship, meeting the agreed delivery dates, and executing the custom work exactly in accordance with the designer's concept.

## Goal

Our goals are set on being the company of choice for our valued customers – Owners, Retailers, Architects and Contractors; by providing them with beautiful, safe and sustainable products at a value like no other.

## Introduction

Welcome to DAPL, an Indian company with over 45 years of experience in designing, manufacturing and installing Railings and Aluminum Doors & Windows for both Retail and Projects. We are fully committed to deliver an outstanding level of service; ensuring customers have direct access to the relevant department every time. As established and well-respected Railings and Window manufacturers we pride ourselves on quality, but that commitment to quality covers both our products and our service. “No job is too big, or too small”, to warrant our undivided attention and the quality for which we are known. At DAPL, our belief in the continuous pursuit of excellence in performance, quality and innovation, has led us to adopt a radical approach towards change. Add to that, our passion to bring you the highest, premium quality Architectural & Minimal Systems to suit your requirement.

## Advantage's :

### Infrastructure

- 20000 Sq.ft Factory Building @ Boisar
- Modern CNC Machines for Aluminium Working from FOM Italy
- 100% Equipped to handle 50000 Sq.ft of Windows & Doors / Month  
(Ready to Install) at site.
- 3000 Sq.ft of Customer Experience Center

## Vantage Sliding Door System

We offer a range of sliding door systems to suit all building designs, opening sizes and performance requirements. All of our sliding doors are fabricated with an aluminum frame with sightlines from as little as 20mm. Our sliding door systems can be used to create large sliding walls of glass or fill smaller openings to create a modern patio door solution. The thresholds across the base are always flush with in built drainage – perfect for the wet Indian tropical climate. The range of systems we offer are designed to suit a variety of budgetary requirements so they can be used on almost any project.

- Vantage 20
- Vantage 25
- Vantage 35

## Vantage 20

### Features

- Basic Depth of sash 35 mm
- Minimum visible interlock width of only 22 mm so as to maximize visibility and natural lighting.
- Special Interlock profile with integrated handle for functionality and significant wind load resistance.
- Sash Profile available for 45° and 90° assembling
- Meeting stile width of just 62 mm
- Vast range of typologies compatible with various mechanisms
- Maximum IGU thickness up to 24 mm and weight per sash up to 180 Kg
- Smooth and easy sliding thanks to inox rails.

ARCHITECTURAL PVT. LTD.

## Vantage 20

### Technical Characteristics

Frame Height	40 mm
Frame Width (2 track / 3 track)	92 mm / 143 mm
Sash Height	67 mm
Sash Width	35 mm
Visible Aluminum face width	95.5 mm
Interlocking profile width	22 mm
Sash Weight	up to 180 kg
Glazing	up to 24 mm

## Vantage 25

### Features

- Minimum visible interlock width of only 25 mm so as to maximize visibility and natural lighting.
- Special Interlock profile with integrated handle for functionality and significant wind load resistance.
- Options of 2 Track / 3 track & 4 Track possible.
- No architectural barriers – Max shutter size 2000 x 3250 mm
- Space optimization
- Super thin high-level design
- Inalterability and long-lasting
- Extremely smooth sliding action.

ARCHITECTURAL PVT. LTD.

## Vantage 25

### Technical Characteristics

Frame Height	50 mm
Frame Width (2 track / 3 track)	105 mm / 156 mm
Sash Height	60mm
Sash Width	40 mm
Visible Aluminum face width	80 mm
Interlocking profile width	25 mm
Sash Weight	up to 300 kg
Glazing	up to 32 mm

## Vantage Slide & Turn 25

Vantage Slide & Turn 25 all – glass system is perfect for balconies, terraces and other unheated spaces as wind and weather protection. It can also be used as internal room divider also.

The Vantage Slide & Turn 25 offers maximum transparency and flexibility, in conjunction with wind and weather protection and accessibility for an unbeatable price.

The Vantage Slide & Turn 25 is ideal for mounting on balcony railings. A full scale opening of the system is possible via one or more corners, as well as segmented floor plans.

Since each leaf can be opened in the package area, the windows are also easy to clean exterior.

## Vantage Slide & Turn 25

### Features

- Panoramic view
- Let more daylight inside
- Add extra living spaces
- Hanging frameless all glass system.
- Easy to use - Guaranteed smooth even when moving over 90°-180° angle, at post free corner solution or segmented system.
- Bottom Floor Rail can be recessed.
- Easy to Clean
- Option of operating inward or outward, Split system also possible.
- Create a safe and healthy living environment
